#### NOTES

- The Black-throated Green Warbler recorded on a bird walk in May 2013 is not on the RGNC's Checklist of Birds. It is highlighted in dark red in this chart.
- A total of 18 other species were added to the cumulative bird species total for 2013. They are highlighted in light yellow in this chart.
- A "possible cormorant" was reported on May 18 and a "cormorant sp?" was reported on May 26. These sightings are not reflected in the 111 species recorded during May 2013.
